Thank you for contacting Dogs Deserve Better about fostering a chained/penned dog rescue for Dogs Deserve Better. We really need your help! Dogs Deserve Better will provide food and veterinary care for the dog, and you will provide housetraining, and a loving home environment.

The dog needs to be kept inside, and treated as a member of the family. Please be patient with our dogs. They have all come from situations where they have never known to depend on humans for love and comfort. While they crave this love and comfort, they may not know how to go about getting it. They have spent their lives chained or penned outside away from their human families, and have to learn how to behave in a way we want them to. All of our dogs are extremely grateful to have been given a second chance at life, and we feel they deserve to live a life filled with love and happiness.

Please notify us immediately if the dog runs away or gets lost. Dogs Deserve Better is responsible for finding a home for the dog, and the foster family must not place him/her in a home that has not been through the Dogs Deserve Better adoption process. We do, however, appreciate all help you can give us to find an appropriate home. If you find a potential home, please have them fill out an adoption form and forward it to Heather to process and do a home visit. While Dogs Deserve Better will make every effort to help match you with a safe and nondestructive dog, they are living creatures and thus unpredictable, and we can not be help responsible for any damage to either person or property caused by the foster dog.

Responsibilities of the Foster Parent:

1. Provide a safe, loving environment for the dog.
2. Socialize the dog properly.
3. Observe how the dog acts in different situations, and with different people and animals.
4. Notify DDB of any concerns about health or behavior immediately.

The foster parent will have the first chance at adopting the dog.
He/she will also have a say in who the dog is adopted out to.

Please fill out the questionnaire on the next page and return it to Heather at the address above.

If you need any advice, or just want to talk about how your foster dog is doing,
please feel free to call Heather at 814.943.8535 at any time.

Please answer every question.
